Beschreibung:

At the development basis of modern Uzbek literature is rich in folklore - speaking or oral folk arts. The people wrote and handed down heroic epics, whose characters were heroes, presented in the images of evil forces, who were fighting against their oppressors and enslavers. This is the way how epics of Uzbek folklore, such as "Alpamysh" was created. Alpamysh, which tells the story of courage and bravery of the Uzbek warriors, survived centuries and became a real monument of oriental literature.
