This series of books, entitled 'Al-Bukhari's Authentic Hadiths', is a highly respected collection of sayings and deeds of Prophet Muhammad (peace be upon him), which is also known as the Sunnah. This is Book 5 of the series. It is entitled "Bathing"

Bukhari, who lived two centuries after Prophet Muhammad's (peace be upon him) death, worked exceedingly hard to collect this valuable information. Each report of this vast collection was checked for compatibility with the Qur'an, and the veracity of the chain of narrators had painstakingly been established.

Bukhari's collection of Hadiths is accepted by the majority of the Muslim world. It is regarded as one of the most authentic collections of sayings and deeds of The Messenger of Allah, Prophet Muhammad (peace be upon him). However, it is important to know that Bukhari's unique collection of Hadiths is only one of many. There are many other famous Islamic scholars who worked as hard as Bukhari did and collected and compiled other books of authentic Hadiths.
